DIGITAL AMPLIFICATION PACKAGE

We offer partners the chance to showcase events, campaigns and updates through bespoke, dedicated guest content on the Visit Kent channels. Shared across the Visit Kent consumer channels, these dedicated features benefit from a wide exposure to the highly engaged Visit Kent audience.

One digital amplification package includes:

- Dedicated feature on the Visit Kent website
- Homepage banner on the Visit Kent website
- Inclusion in a Visit Kent e-newsletter to 35k
- 5+ social media posts, incl. an IG story

Overview

Each piece of feature content benefits from being shared across our social media channels, generating extra exposure and engagement from a wide audience. Our high engagement rate on Instagram makes the stories we post on this channel to promote our features particularly valuable. Not only this, but the features themselves benefit from a high dwell time of nearly three minutes, on average, making the Visit Kent features the most viewed and engaging area of the website.

PREVIOUS CONTENT PARTNERSHIPS

We worked with the University of Kent and Canterbury Christ Church University on a suite of content to help raise awareness of Kent as a great place to study by showcasing the county as a whole.

Following the many new openings at Folkestone Harbour Arm, Visit Kent created a dedicated feature. This feature has been created to help showcase the Arm's on and off-season offering and support its ongoing promotion as a year-round destination.

E-NEWSLETTERS

Our e-newsletter database has been carefully curated, building a highly engaged audience. As an alternative method of exposure to this audience, or as part of the Digital Amplification Package highlighted above, partners may also opt to purchase a solus e-newsletter or have their own section within a suitable thematic e-newsletter.

An e-newsletter bolt-on would include:

- Section within a suitable e-newsletter, or dedicated e-newsletter, dependent on package purchased
- E-newsletter copy written and created by Visit Kent team
- Direct link to partner website page of choice
- Final report of key metrics

Overview

Depending on budget, an e-newsletter inclusion or dedicated e-newsletter is a great opportunity to gain exposure to the Visit Kent audience.

While the industry standard for travel, hospitality and leisure is a 20.2% average open rate, and 1.2% average click through rate, the Visit Kent average rates far surpass this, demonstrating its influence and value.
